

ESDA 2009

3rd Edition Baia Mare
Romania

International Symposium on Embedded
Systems Design and Applications

May 6 –8
2009

ESDA Organizer:

Intelligent Embedded Systems Group
Electronic and Computer Engineering
Department
North University of Baia Mare

Steering Committee:

Mircea Bodea, PhD, Politehnica
University Bucharest, Romania
Marinca Ștefan, PhD, Analog Devices,
Ireland
Ján TURÁN, PhD., University of
Technology, Slovakia
Vásárhelyi, József, PhD, University of
Miskolc, Hungary
Clint Cole, Washington State University,
SUA
Dorin Petreuş, PhD, Technical University
Cluj Napoca, Romania
Oniga Ștefan, PhD, North University of
Baia Mare, Romania
Eugen Lupu, PhD, Technical University
Cluj Napoca, Romania
Rusu Corneliu, PhD, Technical University
Cluj Napoca, Romania
Attila Buchman, PhD, North University
of Baia Mare, Romania
Alin Tisan, PhD, North University of Baia
Mare, Romania

IMPORTANT DATES

Submission of papers: April 20th, 2009

Notification of acceptance:

April 27th, 2009

Camera ready papers: May 5th, 2009

Deadline for preregistration: May 5th, 2009

CONTACT INFORMATION

Intelligent Embedded Systems Group
North University of Baia Mare
V. Babes street, 62A, Baia Mare
Tel: +04 0362 401265 ext. 234
Fax: +04 0262 276153
E-mail: esda@ubm.ro

BACKGROUND

The Embedded Systems Design and Applications Symposium address all aspects of embedded digital and mixed hardware/software system engineering. It is a discussion forum, specially dedicated to the PHD students, that center on state-of-the-art investigations, developments and applications. It focuses on advanced system and design automation concepts, paradigms, methods and tools, as well as modern implementation technologies enabling an effective and efficient development of high-quality systems for demanding applications.

SCOPE

This International Symposium aims at gathering within the same forum contributions addressing techniques and methodologies for embedded system design and applications: from the design of code up to the library and task/resource management carried out at system level. Major topics include but are not limited to:

- Embedded hardware
- Embedded software
- Embedded computing education

PROGRAM:

May 6th, Registration of the participants

May 7th, Opening session

Invited talk: Professor Corneliu Rusu, Technical University Cluj Napoca, Ro

Invited talk: Professor József Vásárhelyi, University of Miskolc, Hungary

PhD Forum: Embedded Systems Design and Applications I

May 8th, PhD Forum: Embedded Systems Design and Applications II

Closing session

SUBMISSION OF THE PAPERS:

Prospective authors are encouraged to submit their manuscripts for review electronically by sending the paper to the Session Organizer via email before the deadline for submission. Each manuscript should include the complete paper text, all illustrations, and references. The manuscript should conform to the required format: single-spaced, double column, A4 letter page size, 10-point size Times Roman font, up to 8 pages. The ESDA09 web page should be consulted for the exact submission format.

The selected papers will be published in the Electronic and Computer Engineering Journal.

Registration

The registration fee is 50 Euro and includes: the workshop portfolio, coffee break and lunch.
